Reasons to Stay with Us:

1. Location, location, location! A couple hops, skips, and jumps away from the beach in the heart of Santa Maria.
2. The Apartments are new and owned by Surf Zone (the island's most established windsurfing, kitesurfing, & surfing school of 17 years) & Yoga Cabo Verde (the island's only yoga studio). Reviews for both these business can be found on Trip Advisor
3. We'll tell you about the best spots on the island, help you plan out island activities and excursions, and maybe even share an ice cream and boogie with you.
4. An awesome and amazing Resident In-house Manager. Did we also mention the Manager's also lovely and fantastic?
5. Our rooftop! One of the best views of Santa Maria! Enjoy a cup of coffee while watching the sunrise, and taking social media/postcard worthy pictures.
6. We've been open less than a year, and have already had multiple clients stay with us again! The feelings of love and appreciation are mutual! And we understand if you have feelings of separation anxiety when you leave us; it's ok, you can always come back to us.
7. You will leave us with a totally relaxed mind and body, a glowing face, stronger abs from laughing, a persistently occurring smile, interesting conversations, and memorable experiences.
